### **Total Membership: 155 (As of September 2012)**

Year denotes year of membership. Names of States are not necessarily their historical designations.

The Democratic People's Republic of Korea (DPRK), which joined the IAEA in 1974, withdrew its membership of the Agency 13 June 1994.

For States in *italics*, membership has been approved by the IAEA General Conference and will take effect once the State deposits the necessary legal instruments with the IAEA.
